**Afternoon Pick-up-** Please **only enter** or **exit** the property through the drive on the west side of our building. Please be mindful of the parking spaces adjacent to the businesses surrounding our property. We ask that you allow patrons of other businesses to exit their parking spaces and allow them access to available parking spaces. Please **do not block turns** where there is a stop sign or park in a manner to block the stop sign. Please **refrain from using your cellphones** as you are not attending to the staff directing the carline and it poses safety issues. Please respect that this is a school zone and as such **NO SMOKING** is allowed. We want to maintain respectful relationships with our neighbors and ask for all our families' full cooperation. Thank you!

**After School Program Pick-up:** When picking up your child from any after school activity please park your car and walk to the pick-up location to get them. When you line up outside the fence area you block others who have parked from exiting their parking spaces. Thank you for your cooperation.

**Box Tops for Education:** Our PTO is collecting Box Tops for Education. The school earns a minimum of 10cents per box top. This is an easy way to earn dollars for our school.
